Optics and Lasers in Engineering

Papers Published in 1986/7

CONTENTS OF VOLUME 7

Number 1

Plasma Transients during Laser Drilling in Subatmospheric Pressure Atmospheres of Air 1
BEKIR SAMI YILBAS (UK) and ZAHIDE YILBAS (Turkey)

Scanning Photoacoustic Microscopy of Coal 15
A. F. ARENDT and D. L. BEGLEY (USA)

Specially Generated Photo-cell Arrays in Inspection 25
A. H. FALKNER (UK)

Automatic Fringe Pattern Analysis: A Review 37
G. T. REID (UK)

Number 2

Workpiece Temperature Distribution for Deep Penetration Welding with High Energy Focused Beams 69
R. PERETZ (Federal Republic of Germany)

Computer Generated Holograms Using Personal Computers 83
XIANGXI CHEN, JACOB HUANG and EDDIE LOH (USA)

Laser Dilatometer 91
P. SHARLANDJIEV, G. MINTCHEV, M. GOSPODINOV and A. SLAVTCHEVA (Bulgaria)

The Phase Shift Method Applied to Cross Grating Moiré Measurements . . . 101
KLAUS ANDRESEN and DETLEF KLASSEN (Federal Republic of Germany)

Conference Report 115

Book Review 117

Announcements 120

Errata 121

Number 3

Editorial 123

Detection and Measurement of Surface Defects by Automatic Fringe Analysis 125
M. KOUKASH, C. A. HOBSON, M. J. LALOR and J. T. ATKINSON (UK)

Particle Image Velocimetry: A New Approach to Fringe Analysis 137
A. KIRITA (Japan), C. J. D. PICKERING and N. A. HALLIWELL (UK)

Fast Transforms for Speckle Photography Fringe Analysis 149
J. M. HUNTLEY (UK)

The Smoothing of Electronic Speckle Pattern Interferometric Images 163
K. M. CRENNELL and I. W. BOWLER (UK)

The Application of Automatic Fringe Analysis in Fracture Mechanics 175
S. J. MARSHALL, R. C. RIXON, M. M. CAULFIELD and P. M. MACKENZIE (UK)

Number 4

Programmable Interferometry 195
BRUCE E. TRUAX and LARS A. SELBERG (USA)

Application of Dial-gage and Laser Speckles for Ultra-low Thermal-expansion Measurements using Push-rod Dilatometers 221
C. S. VIKRAM, D. K. AGRAWAL, R. ROY and H. A. McKINSTRY (USA)

Automatic Analysis of Young's Fringes in Speckle Photography and Particle-image Velocimetry 227
C. J. D. PICKERING and N. A. HALLIWELL (UK)

Profile of Sira Ltd 243
L. R. BAKER (UK)

Book Review 253
